## CHIMNEY PRODUCT

	EN 1856-2	T450	N1	W	V <sub>m</sub>	L30050	G500
Standard number	↓						
Temperature level		↓					
Pressure level (N: Negative, P: Positive)			↓				
Condensate resistance (W: wet or D: dry)				↓			
Corrosion resistance (durability against corrosion)					↓		
Flue liner material specification (50-1.4404; 20-1.4301; 30-1.4307)						↓	
Material thickness (0.XX mm)							↓
Soot fire resistance (G: yes or O: no), and distance to combustible material (in mm)							↓
